

Free Educational Programs Update

Since 2016, the UFCW has been committed to helping our members and their families build a better life through our continuing education programs.

Free Educational Programs currently available include:

- **GED Prep**
- **Learn a New Language**
- **Three Workforce Essentials Programs (Computer Skills, Workplace Skills & Budgeting)**

And don't forget that Local 1262, The UFCW and UnionPlus.org all offer College Scholarship Programs.

For information on these programs visit our website www.ufcw1262.org

Please Note: The US Dept. of Education has temporarily suspended our Free On-Line College Program while it conducts an audit to ensure that it meets all requirements of Title IV of the Higher Education Act of 1965. Students who were already enrolled in the program by July 18 will be able to attend the Fall 2022 semester & the college is working on an alternative plan for students who enrolled after that date. For more information visit <https://egcc.edu/press-release/>

Updates on the Free College Program will be posted on our website, Hotline & in the breakrooms as we receive more information.

**MAKE SURE YOUR VOICE IS HEARD!
REGISTER TO VOTE TODAY!**

Voting is the only way to make sure that your Voice is heard at the town, state and federal level.

Voting for the candidates who represent your needs & values can help improve everyone's lives.
