

Thank you for calling Local 1262's Information Hotline. This is the latest update from President Harvey Whille as of Friday, May 15, 2026 and contains one message. This hotline and other important information for our members can also be found on our website at www.ufcw1262.org.

We would like to remind our members that May is National Mental Health Awareness Month and to let you know there are many resources for you and your families.

Local 1262 members who are eligible for health coverage receive their Mental Health Services from Horizon Behavioral Health Services. You can reach them at 1-800-626-2212.

If you do not have mental health coverage you can access many low- to no-cost federal and state Mental Health Resources by calling 2-1-1, a nationwide service provided through the United Way that has live operators 24/7.

You can also call 988, the National Crisis Lifeline, which is operated 24/7 and directly connects you to trained counselors who provide immediate support and resources. As always, if you or someone you know is experiencing a mental health CRISIS call 911 or go to the nearest Emergency Room.

Our members' health and well-being is important to all of us here at Local 1262. That is why we consistently negotiate a comprehensive package of benefits with your employers during our collective bargaining sessions. These benefits are what set you apart from non-union workers in your industry and help you and your family enjoy a healthier, secure lifestyle.

That concludes this hotline. As always, it is truly an honor and a privilege to serve as your President.

Concerns At Your Workplace?

Contact your Union Representative at 1-800-562-6913 (from New Jersey)
or 1-800-526-7814 (from other states).
