

Thank you for calling Local 1262's Information Hotline. This is the latest update from President Harvey Wille as of Friday, August 1, 2025 and contains one message. This hotline and other important information for our members can also be found on our website at www.ufcw1262.org.

Did you know that August is National Children's Vision Month and that one out of four school age children have some type of uncorrected vision problem?.

Although school-based vision screenings are helpful, they do not replace the need for a comprehensive eye examination by a Doctor of Optometry. In fact, some 75 percent of children have vision problems that are missed on school screenings.

What can parents do? Be pro-active and make an appointment for an eye health evaluation for your children today. And parents and adults, if you haven't had your annual eye exam, book yours too.

Please note: Eligible Local 1262 members who work full-time receive vision care coverage for themselves and their dependents after three months. Eligible members who work part-time receive coverage for themselves after 12 months. If you have questions about your coverage call our Health & Welfare Fund at 1-800-522-4161.

As always, I thank you – our more than 22,000 members here in New Jersey and New York - for your ongoing dedication and service to your communities. It is truly an honor and privilege to serve as your president.

That concludes this hotline.

Please ask your fellow Local 1262 Brothers and Sisters to join Local 1262's texting program. Simply text UPDATES1262 to 83071.
