

Thank you for calling Local 1262's Information Hotline. This is a Special Update for Local 1262 members employed at the Bloomfield and Newark ShopRite locations. This hotline – as well as other important updates and information for our members -- can also be found on our web site at www.ufcw1262.org.

Today Local 1262 met with representatives from the Brookdale ShopRite and was informed that their Bloomfield and Newark stores will be sold to Glass Gardens ShopRite effective in January 2025.

Local 1262 is pleased to report that as a result of this meeting the transition of ownership will be “seamless” – in essence no Local 1262 members will be laid off or subject to a probationary period.

All of our members benefits and wages will remain intact.

It is expected that this business transaction and transfer of ownership will be completed sometime in January 2025.

In the meantime, Local 1262 Union Representatives will be in the Newark and Bloomfield stores tomorrow, Saturday, November 23, 2024 and throughout the week to answer any questions our members may have concerning this sale.

If you have any questions or concerns, please call your Union Representative Rich Ebbe at 1-800-562-6913, extension 1945.

That concludes this Hotline Update.
