

A Special Message For Our Stop & Shop Members From Local 1262 President Harvey While

We fully recognize the uncertainty our Stop & Shop members have been experiencing since Ahold announced in late May that the company is evaluating “underperforming” Stop & Shop locations throughout NJ, NY, CT, MA and RI with the intent to close those stores as part of the company’s business plan.

Local 1262 has been in discussions with Stop & Shop regarding these closings since that announcement.

As a result of those discussions, we were notified by Stop & Shop that IF any stores that employ Local 1262 members are closed all Full-Time workers will be placed in other stores.

Stop & Shop also informed us that Local 1262 members who work Part-Time will be offered employment in other stores.

Local 1262’s Union Representatives are in contact with your Shop Stewards on a daily basis to update them and address any issues in your stores.

We STRONGLY urge our Stop & Shop members who have questions or concerns to speak to your Shop Steward or call your Union Representative directly at:

1-800-562-6913 (calling from New Jersey)
1-800-526-7814 (calling from New York)

**Local 1262 also continues to inform our members via our
TEXT PROGRAM and our website.**
