

Thank you for calling Local 1262's Information Hotline. This is the latest update from President Harvey Whille as of Wednesday, August 30, 2023 and contains a special update regarding a class action lawsuit.

If you work for Wakefern Food Corporation or for ShopRite, The ShopRite Bakery Commissary, PriceRite Marketplace, Fresh Grocer or Dearborn Markets in New York or New Jersey, you may have received a notice in the mail regarding a class action settlement. The case involves an underpayment of overtime due to an error in the company's payroll software program.

The company did not notify the union regarding their error and the union had no way to know about this mistake made by the company.

The company has agreed to settle the class action lawsuit however the settlement has not yet been approved by the court.

Local 1262 has reached out to the company several times to request additional information on this settlement but to date has not received a reply.

We will continue to monitor this situation and will update you on this hotline and our website when the company provides the requested information.

As always you can rest assured that Local 1262 is actively following this matter in order to protect our members and their rights.

That concludes this hotline.
